Checklist before you submit your website

What to check so the jury really sees your website: home page, phone, speed, accessibility and details.

Home page

- [ ] Content shows within a few seconds, with no blocking loading screen.
- [ ] No window (cookies, country picker, newsletter) covers the whole page, or it closes easily.
- [ ] The main message is visible on the first screen.

Phone

- [ ] No horizontal scrolling at 375 px wide.
- [ ] Text at 16 px or more.
- [ ] Buttons and links big enough for a finger (about 44 px).

Speed

- [ ] Images in WebP or AVIF, at the right size.
- [ ] Fonts in WOFF2 with font-display: swap.
- [ ] At least 90 in each Lighthouse measurement: also the Performance Award threshold.

Accessibility

- [ ] Enough contrast, especially for grey text.
- [ ] Alt text on meaningful images, a label on every field.
- [ ] Keyboard navigation works, with a visible focus.
- [ ] Page language declared.

Chemin du Nant-de-Crève-Cœur 17, 1290 Versoix

Details

- [ ] The country of the company or person is stated on the site.
- [ ] Links work and the site runs on HTTPS.
- [ ] Pay with your Toprova account’s email address to track your submission.
